

ADR BULLETIN

Editor's Desk

Dear Folks!!!

Every time it is a delight to communicate with all of you. We are pleased to share with you the 5th issue of the newsletter for the month of February 2021. The Covid-19 pandemic has been hard on all of us. We have however battled the way through this hardship and come a long way and we believe that as a team we have become stronger and more determined.

As always, this edition is also going to be delightful and more informative. We hope this concept of E-Newsletter will help us to easily share our creative views and innovative thoughts. I would like to urge everyone to contribute to the upcoming editions to make it more Innovative, knowledgeable and thoughtful and effective.

Best Wishes & Stay Safe!!!

New collaborations

ADR Group is collaborating with Rajalakshmi Engineering college and bpro labs to design a reference architecture that could be used for rolling out Internet of things (IoT), by its customers.

This partnership will also see both organizations jointly working to provide industry specific solution for optimizing cost and improving productivity.

"This collaboration will allow us to offer advanced ready-to-use solutions and reference architectures across the network, cloud and client.

This will also provide on-the-ground solution testing, verification and development support for customers in the US and Norway.

COVID-19 Updates

February Covid cases at 9-month low; weekly tally up

There were 3,53,750 new cases of the coronavirus in February, a big drop from the number reported in the previous month, when infections had risen by more than 4.7 lakh. February's Covid count was the lowest in nine months since May last year, when the country had recorded 1.5 lakh new cases. The number had shot up to 4 lakh in June.

Sports Updates

Novak Djokovic opened his 2021 season with a triumph at the Australian Open. He became the champion at Melbourne Park for an unprecedented ninth time, as he completed his dominant title run with a 7-5, 6-2, 6-2 victory over Russian Daniil Medvedev in the final.

Naomi Osaka became a four-time grand slam champion at 23 by beating Jennifer Brady 6-4, 6-3 to win her second Australian Open.

Ravichandran Ashwin became the fourth Indian to **400 wickets**, and the second-fastest overall (in terms of **Tests** played) to the mark, when he got Jofra Archer out in the second innings of the third **Test** in Ahmedabad

Interpersonal Skills

Interpersonal Skills are the skills required to effectively communicate, interact, and work with individuals and groups.

People with good interpersonal skills are strong verbal and non-verbal communicators and are often considered to be "good with people".

Most of our daily activities require interaction with other people. It is critical to be efficient at getting along with others in order to have a successful career and meaningful friendships.

Brain Teasers

1. What can travel around the world while staying in a corner?
2. Imagine you are in a dark room. How do you get out?
3. Can you find a 10-letter word in English which can be typed using only the 1st rows of the computer keyboard?
